# ABOUT OUR COMPANY

Mauli Steel Industries, founded by **Mr. Randheer Jadhav Patil** and **Mr. Anil Pol**, is a committed manufacturing company focused on delivering strong, reliable, and long-lasting roofing and steel solutions. With deep industry understanding and a dedication to quality, the company continues to build a solid presence in the market.

The company specializes in colour-coated roofing sheets and also provides a wide range of related materials, including MS pipes, MS sheets, fabrication hardware, structural sections, turbo fans, and PVC roofing sheets. Each product is crafted to meet diverse industrial, commercial, and residential requirements with consistent performance.

Driven by innovation and customer satisfaction, Mauli Steel Industries aims to deliver dependable products backed by professional service and timely support. The company remains committed to offering durable solutions that add value to every project and earn long-term customer trust.

---

# VISION

“To be recognized as a leading manufacturer of high-quality roofing sheets in India, known for innovation, durability, and customer-focused solutions that set new benchmarks in industrial excellence.”

---

# MISSION

- Deliver high-quality roofing sheets with precision and innovation.
- Maintain strict quality standards in every stage of production.
- Promote sustainable practices and responsible growth in this sector.
- Strengthen our workforce through skill development and modern processes.
- Build transparent and long-term relationships with customers and partners.
- Provide durable roofing solutions that withstand time and climate challenges.

# MAJOR FACTOR

## 01 Uncompromising Quality

We ensure every product meets strict durability and performance standards through precision manufacturing and thorough testing.

## 02 Customer-Centric Approach

From customization to timely delivery, our focus remains on fulfilling customer needs with transparency and dependable service.

---

## 03 Modern Manufacturing Technology

Advanced machinery and streamlined processes enable consistent production of high-grade roofing sheets.

## 04 Reliable & Long-Lasting Products

Our materials are engineered to withstand harsh weather, heavy usage, and long-term industrial demands.
